The book is divided into three parts. The first part contains interviews with some of the most famous mathematicians of the 20th century, including Paul Erdős, John Nash, and Andrew Wiles. The second part contains memoirs by some of the most influential mathematicians of the past, including Carl Friedrich Gauss, Srinivasa Ramanujan, and Emmy Noether. The third part contains interviews with some of the most promising mathematicians of the 21st century, including Maryam Mirzakhani, Terence Tao, and Artur Avila.

This book is a must-read for anyone who is interested in the history of mathematics, the lives of mathematicians, or the beauty of mathematics itself.

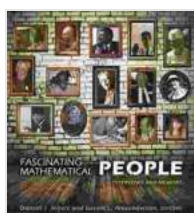

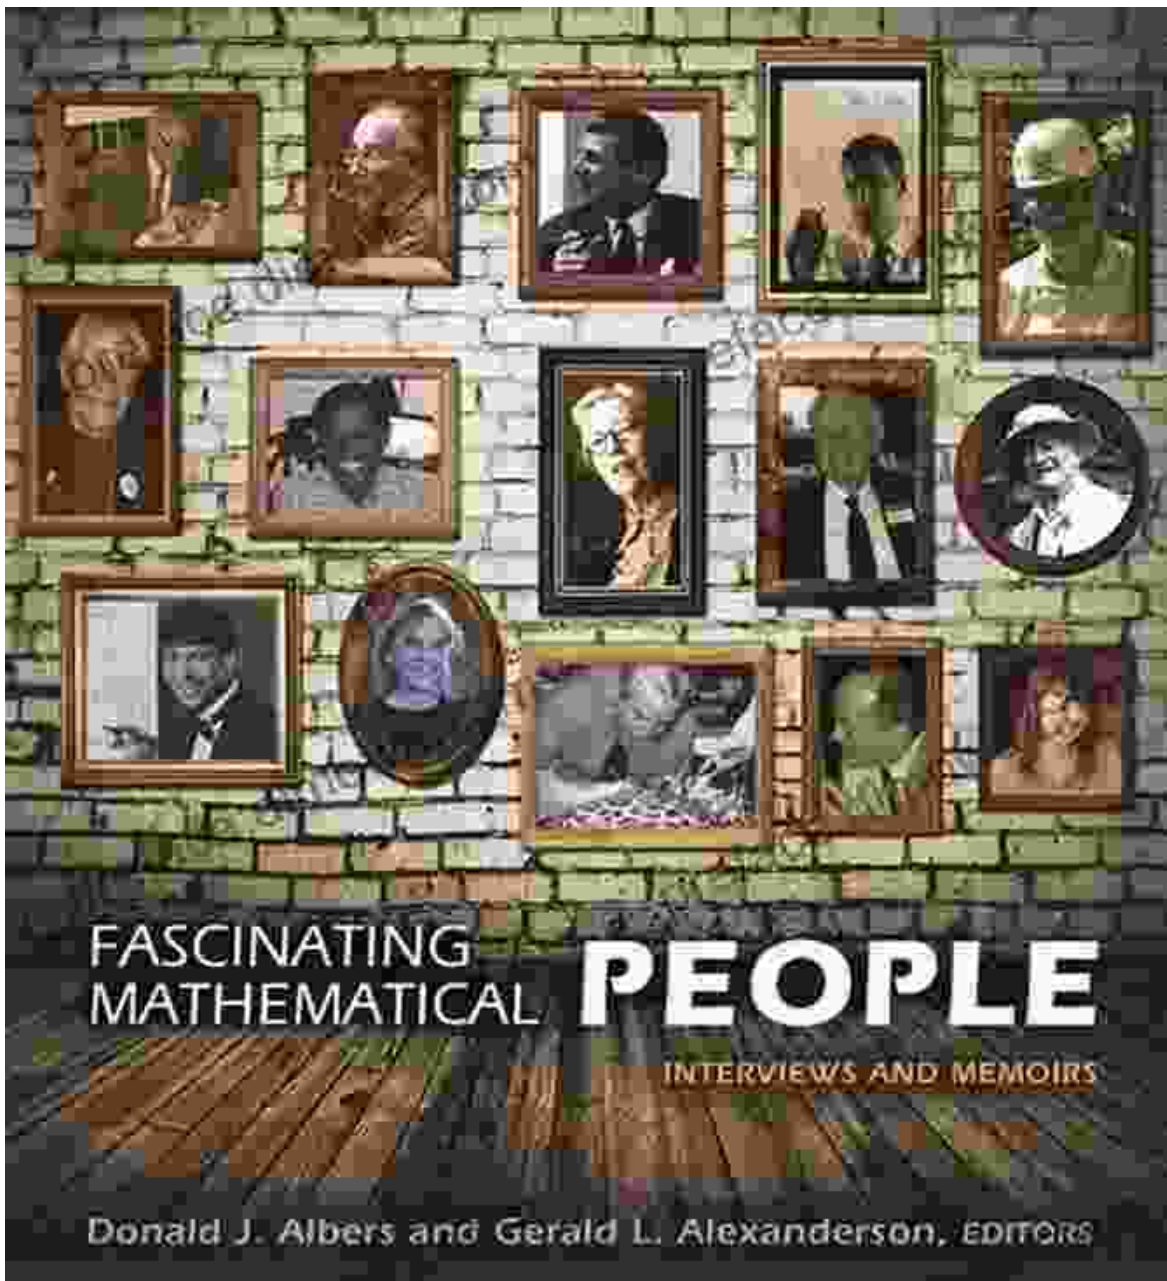

Reviews

"This book is a treasure trove of mathematical insights and personal stories. I highly recommend it to anyone who is interested in mathematics or the lives of mathematicians." - **MAA Reviews**

"This book is a fascinating read for anyone who is interested in the human side of mathematics. The interviews and memoirs provide a unique glimpse into the lives and minds of some of the most brilliant mathematicians of all time." - **The Mathematical Intelligencer**
