Doddie Weir is a Scottish rugby union legend. He played for the Scotland national team for 11 years and was captain for three years. He also played for the British and Irish Lions on two tours. Weir was diagnosed with motor neurone disease (MND) in 2017. MND is a progressive neurological disease that affects the brain and spinal cord. There is no cure for MND, and it eventually leads to death.

Despite his diagnosis, Weir has continued to live his life to the fullest. He has set up the My Name's Doddie Foundation, which aims to raise awareness of MND and to provide support to people affected by the disease. He has also written an autobiography, My Name Doddie, which tells the story of his life and career.

My Name Doddie is an inspiring and moving story of a man who has faced adversity with courage and determination. It is a must-read for anyone who is interested in rugby, MND, or simply in the human spirit.

**In My Name Doddie, Doddie Weir tells the story of his life and career, from his early days as a promising young player to his international debut and his time as captain of the Scotland national team.**

He also covers his diagnosis with MND and his subsequent battle with the disease. My Name Doddie is a story of courage, determination, and inspiration.

Doddie Weir is a true rugby legend. He is a role model for people all over the world. My Name Doddie is a must-read for anyone who is interested in rugby, MND, or simply in the human spirit.
